CORRESPONDENCE

#2017-MAY-23 HONOURABLE SHAYE ANDERSON, MLA LEDUC-BEAUMONT – LETTER TO MINISTER OF PUBLIC SERVICES AND PROCUREMENT

Correspondence dated May 10, 2017 from Honourable Shaye Anderson, Minister of Municipal Affairs to Honourable Judy Foote, Minister of Public Services and Procurement stating:

As the Minister of Alberta Municipal Affairs, I am sensitive to the importance of ensuring our rural communities flourish. That is why I was disappointed to hear about the federal government's plan to close the Case Processing Centre (CPC) in the Town of Vegreville.

A study completed for the town indicates that the impacts of the decision to close the CPC will be significant. The CPC is one the town's largest employers and also employs people from surrounding municipalities and counties. The steady employment and income that is created by the CPC has introduced new people to the area, improved real estate values, increased the municipality's tax base and has attracted new businesses to the community.

The benefits associated with having federal facilities located in their communities are important to rural municipalities, and I believe those municipalities should be consulted and the potential impacts formally assessed before a decision is made to move those facilities.

Rural communities play a vital role in keeping Canada vibrant and strong, and we all have a role to play in helping them thrive. I encourage you to work with the Town of Vegreville, surrounding communities, and the employees at the CPC to come up with a solution, other than closure, that will meet your government's goals.

Councillor Brodziak moved that the correspondence dated May 10, 2017 from the Honourable Shaye Anderson, Minister of Municipal Affairs to Honourable Judy Foote, Minister of Public Services and Procurement be received and filed.

Carried unanimously.

#2017-MAY-24 HONOURABLE SHAYE ANDERSON, MLA LEDUC-BEAUMONT – LETTER ON VEGREVILLE CASE PROCESSING CENTRE

Correspondence dated May 10, 2017 from Honourable Shaye Anderson, Minister of Municipal Affairs stating:

Thank you for your letter of March 30, 2017, regarding the federal government's plan to move the federal Case Processing Centre (CPC) from Vegreville to Edmonton. I am disappointed in this decision, as it is important that rural communities in Alberta flourish.

I have written a letter to the federal government encouraging them to work with your municipality, surrounding communities, and the employees at the CPC to come up with a solution, other than closure. You have been copied on this letter.

Thank you again for bringing this matter to my attention.

Councillor MacPhee moved that the correspondence dated May 10, 2017 from the Honourable Shaye Anderson, Minister of Municipal Affairs be received and filed.

Carried unanimously.

#2017-MAY-25 HONOURABLE DOUG BLACK, SENATOR – ALBERTA – LETTER ON VEGREVILLE CASE PROCESSING CENTRE

Correspondence dated May 5, 2017 from The Honourable Douglas Black, Senator-Alberta stating:

I am writing on behalf of Senator Black, to provide you with an update on the Vegreville Case Processing Centre issue. This past Tuesday, The Honourable Ahmed D. Hussen, Minister of Immigration, Refugees and Citizenship appeared before the Senate for Question Period. As Senator Black was travelling with the Standing Senate Committee on Energy, the Environment and Natural Resources, and not able to personally attend, he asked his colleague the Honourable Elaine McCoy to ask the Minister a question.

Here is the Hansard Transcript of the exchange

Vegreville Case Processing Centre

***Hon. Elaine McCoy:** I too welcome you to the Senate, minister, and it's a pleasure to see you again. I'd like to invite you to shift your focus to Alberta.*

Alberta is my home province, and for many years now we've been very proud of hosting a regional data processing centre for your department. We were particularly proud that this centre was placed there by a politician who is greatly loved in Alberta, Don Mazankowski, when he was a minister of the Conservative government. It is placed in a rural town and was a move in the direction that we have always supported to diversify employment across our province and indeed across the country, to ensure that all Canadians have access to equal benefits.

In your very first year as a minister, I'm sorry to report - I'm sure you know - that your government is threatening to close this facility, notwithstanding that last year in your performance appraisal of the department, this facility was given the highest marks for efficiency.

So, minister, knowing that the town of Vegreville is working very hard in the community and with stakeholders and with, indeed, the Government of Canada to find solutions, our question to you, as senators from Alberta, is this: Can you give us assurances that you will look for solutions to our dilemma so that 10 per cent of that community is not left without jobs, in the same way that you have supported the refugees from elsewhere in the world?

Hon. Ahmed D. Hussen, P.C., M.P., Minister of Immigration, Refugees and Citizenship:

Thank you very much, honourable senator, for that question. I must note here that it was Senator Harder, as deputy minister, who actually put that case processing centre in Alberta. I just wanted to point that out.

The Vegreville case processing centre is an important centre for our ministry. The workers there are very efficient. In fact, on many occasions, they've taken some overflow work from other offices, and they've been amazing in terms of lowering processing times for spousal applications and other forms of immigration applications.

I always repeat this: The decision to move towards consolidating services in Edmonton is in no way a reflection of the good work that is going on with the workers in Vegreville. The issue that we've always talked about is for the future. The Vegreville office presented particular challenges with respect to recruitment, bilingual staff and other challenges that were identified in an audit that was done on the office.

In order to recognize the value of those workers and make sure they continue to help us process cases, while at the same time dealing with the real challenges of recruitment, bilingualism and access to universities and mass transit that were lacking, we are moving to Edmonton but offering all the employees from the Vegreville case processing centre a job in Edmonton, which is one hour away.

Senator Black will be sending a letter to the Minister expressing his feelings about this decision. Please accept my best wishes.

Councillor Berry moved that the correspondence dated May 5, 2017 from The Honourable Douglas Black, Senator-Alberta be received and filed.

Carried unanimously.

#2017-MAY-25 TOWN OF PINCHER CREEK – LETTER TO MINISTER OF IMMIGRATION, REFUGEES AND CITIZENSHIP CANADA

Correspondence dated April 28, 2017 from Mayor Don Anderberg, Town of Pincher Creek to the Honourable Ahmed Hussen stating:

I am writing to express my concerns with the federal government's decision to close the Citizen Processing Centre in Vegreville, Alberta.

Rural communities like Vegreville serve as key economic hubs as they provide the necessary workforce and services to support our provincial economy. It is therefore disturbing to learn that the decision to close the centre was made with no consultation with the municipality. The resulting job loss will have a very negative economic and social impact on the community so I urge you to reconsider this decision.

The sustainability of our rural communities must be supported, given their important contributions to the nation. It is imperative that the federal government consult with local governments on decisions that impact them.

Councillor Simpson moved that the correspondence dated April 28, 2017 from Mayor Don Anderberg, Town of Pincher Creek to the Honourable Ahmed Hussen be received and filed.

Carried unanimously.

#2017-MAY-26 MR. SEAN FINN, EXECUTIVE VICE PRESIDENT, CORPORATE SERVICES, CN IN YOUR COMMUNITY PUBLICATION

Correspondence dated April 18, 2017 from Sean Finn, Executive Vice President, CN stating:

Maintaining a strong and close connection with the many communities our trains travel through is something we pride ourselves in doing at CN. We are proud of our role as a backbone of the North American economy with a network stretching from the Port of Halifax to the Port of New Orleans to Port of Vancouver or the Port of Prince Rupert. In addition to the jobs we create and support, and the goods we move, we take very seriously our responsibility to foster in the communities we serve.

Safety is a core value at CN and we work diligently every day to reinforce our strong safety culture with our employees, customers, and our communities. By engaging with communities and local authorities, we can help prevent railroad crossing and trespassing accidents. Rail safety is a shared responsibility, and together we can save lives.

That is why we are pleased to send you 2017's CN in Your Community publication. I encourage you to read through the report, which describes some of the many ways CN supports communities across our network, including the capital investments we make in your region that support jobs and bring products to local, national and international markets. This year, you will also find a special report on CN's \$5 million contribution to help Syrian Refugees settle into Canada and our partnership with the Community Foundations of Canada.

To celebrate Canada 150th anniversary, CN in partnership with TransCanada is planting a special tree along with a commemorative plaque in almost 100 communities. As part of that effort, more than 50 municipalities will each receive a grant of \$25,000 to plant trees in their community. CN is also sponsoring the Confederation Centre of the Arts to support a troupe of actors in the re-enactment of the Fathers of Confederation in Ottawa during the Federation of Canadian Municipalities Annual General Meeting from May 31 to June 4.

Finally, as we all know, disasters can hit communities when we least expect it. CN was proud to lead the Operation ReLeaf Program with a \$1 million contribution to plant trees for urban and residential areas to recover from May 2016 wildfires in the Fort McMurray area.

Councillor Simpson moved that the correspondence dated April 18, 2017 from Mr. Sean Finn, Executive Vice-President, CN be received and filed.

Carried unanimously.

MEMORANDA

#2017-MAY-29 CLIFF CRAIG, TOWN MANAGER – SIGNING AUTHORITY FOR CORPORATE SERVICES DIRECTOR

A Request for Council Decision dated May 24, 2017 from Cliff Craig, Town Manager stating:

Paul Casey commenced employment with the Town of Vegreville as the Corporate Service Director on November 21, 2016. Paul has successfully completed his six month new hire probation period. The Corporate Service Director acts as the Town Manager in his absence.

The signing authority structure for the Town is:

Elected Officials Mayor or Deputy Mayor

Together with

Administration Town Manager or Corporate Services Director

In April 2016, after the departure of the Town Manager and appointment of the Corporate Services Director as the Interim Town Manager, the Infrastructure, Planning & Development Director was approved by Council as second signing authority for Administration.

I would like to revise the present signing authority, as noted above, to the following:

Elected Officials	Mayor or Deputy Mayor
	Together with
Administration	Town Manager or Corporate Services Director or Infrastructure, Planning & Development Director

This format would allow the Town Manager and Corporate Services Director to be away at the same time and the Town's signing authority would be maintained.

COMMUNICATION STRATEGY

A letter, together with a copy of the approved Council Meeting Minutes, will be forwarded to the applicable financial institutions and corporations as required.

Councillor Simpson moved that Town Council authorize Paul Casey, Corporate Services Director as a signing authority for the Town of Vegreville; and

Further that the Infrastructure, Planning & Development Director be incorporated as a permanent signing authority for the Town of Vegreville.

In Favour: Mayor Hayduk, Councillor Berry, Councillor Brodziak and Councillor Simpson

Opposed: Councillor MacPhee

#2017-MAY-30 PAUL CASEY, CORPORATE SERVICES DIRECTOR – TAX PENALTY CANCELLATION ON TAXROLL 355400

A request for Council Decision dated May 24, 2017 from Paul Casey, Corporate Services Director stating:

The property was acquired by the owner in April 2016, however the title transfer was delayed and did not transfer to the owner until November 17, 2016. On April 30, 2016 the owner signed up for pre-authorized payments for property taxes. Pre-Authorized payments were made from May 31, 2016 through October 31, 2016. When the transfer of title was entered into our computer system it triggered a cancellation of the Pre-Authorized Payments. As a result no payments were made in November and December and there was a balance outstanding at December 31, 2016. Accordingly, a penalty of \$304.27 was applied on January 1, 2017. The owner has requested that the penalty be cancelled as the cancellation of the pre-authorized payment plan resulted from an internal process in the Town Office and was not requested by him. Senior Management views the cancellation as an administrative oversight on the part of the Town.

FINANCIAL IMPLICATIONS

The penalty of \$304.27 will be cancelled.

Councillor Brodziak left the meeting at 7:38 p.m.

Councillor Berry moved that Town Council approve the request for cancellation of the January 1, 2017 tax penalty on Taxroll Account 355400, in the amount of \$304.27, as the discontinuance of the Pre-Authorized Payment Plan was an administrative oversight on the part of the Town.

Carried unanimously.

Councillor Brodziak returned to the meeting at 7:41 p.m.

VALID owns similar properties in Vegreville which are for the same purpose. These properties are included in the Non-Profit Organization Assessment Code classification. A Request for Council Decision dated May 19, 2017 from Dale Lefebvre, Infrastructure, Planning & Development Director stating:

On May 18, 1999, the Town of Vegreville entered into agreement with the County of Minburn No. 27 to provide water, wastewater and garbage collection and disposal services to the Hamlet of Lavoy.

On May 9, 2017, the Town of Vegreville received correspondence from the County informing the Town that garbage collection and disposal services will no longer be required as of January 1, 2018. Attached to the correspondence was an amending agreement which would remove all mention of garbage collection and disposal services from the 1999 agreement, while leaving all other items and conditions of the agreement intact and binding.

In 2016, the Town of Vegreville collected approximately \$7,700 in revenue from garbage collection and disposal in Lavoy. The 2018 Budget will be adjusted accordingly.

#2017-MAY-34 ANDY LAMB, ALBERTA ENVIRONMENT AND PARKS – ALBERTA COMMUNITY RESILIENCE PROGRAM

Correspondence dated May 19, 2017 from Andy Lamb, Director, Alberta Community Resilience Program stating:

Thank you for your interest in the Alberta Community Resilience Program. We continue to receive a significant number of applications from communities across the province. All applications submitted on or before September 30, 2016 have now been reviewed and evaluated by the Grant Review Committee for eligibility and priority. Due to the amount of interest and the limited amount of funding available, please be reminded that not all projects, not all communities will receive funding.

The Town of Vegreville submitted two (2) applications for funding consideration. The 43rd Street Hospital Access Road application is eligible, but remains unfunded at this time. Please note this application will be reviewed in the subsequent review period. While no additional information is required to support this application, please submit any project updates to your Program Coordinator before September 30, 2017 to ensure your applications remain relevant and up-to-date. Note that you may also withdraw any application at any time.

The Grant Review Committee also re-evaluated the Stormwater Management/North Parkway Drainage Project and deemed this project ineligible under the Alberta Community Resilience Program. The committee's rationale for this decision is provided below:

- *This project protects land for the purpose of future development, as stated within this application:*
 - *Section 1.3 "Vegreville is an actively growing town, and some of the outlying farmland does represent prime development land."*
 - *Section 1.2 "The primary goal of constructing a SWMF is to decrease the existing 1:100 year flood plain, leading to an increased potential for future development"*
- *Additional concerns were raised about obstructive work and modification of the existing water course.*
 - *This work will take place within mapped floodway and the flood hazard area delineated in the governing flood hazard mapping may change.*

Please be advised that when a local authority proposes changes to the flood hazard mapping, the local authority must provide a written request directly to the River Forecast Section and to the concerned regional Water Act approval team. If this project is to move forward, the town should provide some additional information regarding the impact of the project on the governing mapping and how they will be proceeding with the potential map changes. Please also note that the costs associated with any required changes to the province's flood hazard maps fall to the municipality; these costs are ineligible under the Alberta Community Resilience Program.

The Town is welcome to submit any new eligible applications for consideration; the next submission deadline is September 30, 2017. If you have any questions or concerns, please feel free to contact Ms. Alison Roberts at 780-641-8887 or by email at alison.roberts@gov.ab.ca for more information or assistance.

Thank you for your interest in the Alberta Community Resilience Program. We look forward to working closely with you in the future.

Councillor Brodziak moved that the correspondence dated May 17, 2016 from Andy Lamb, Alberta Environment and Parks be received and filed.

Carried unanimously.
