

**Notice:**

The Town of Vegreville's Planning & Development Department would like to know if you have changed your Business License contact information. We are updating our Town's website and would like to have your current, up-to-date information available for our visitors.

***Please Note: 2018 Business License Fees have been increased as there was a comparison of fees completed with ten similar communities. Vegreville has not seen a fee increase since 1996. The Land Use Committee made a recommendation to Town Council to pass the fee increase at the June 12, 2017 Council Meeting.***

*Thank you for your cooperation and your continued support.*
