

PAY RECEPTACLE LOCATION

The **Pay Receptacle** is located on the **right side of the coin box**.

TAP & PAY at Fill Station

1. Set up your hose.
2. Scan the QR code **or** tap your card.
3. Water will begin filling almost immediately.
4. Press **STOP** on the screen when you are finished.
5. A **digital receipt** can be obtained by **scanning the QR code on the screen** after you press **STOP**.

 **Note:** 1 cube = approximately **1 minute** of fill time.

FOB TAP at Fill Station

1. Set up your hose.
2. Place your key fob on the reader until you hear **one beep**.
3. Flow will start when you hear **two beeps**, indicating the transaction has been approved.
4. To stop the flow, place your key fob on the reader again until you hear **one beep**.
5. A **receipt will automatically be emailed** to the **email address associated with your account** once the transaction is complete.

 **Note:** 1 cube = approximately **1 minute** of fill time.

 IMPORTANT:

Water begins filling **almost instantly** once your transaction starts.
Please ensure your water fill setup is **ready for use before starting your transaction**.
